

# West Coast Subaru Show 18

Enumclaw Expo Center | Enumclaw, WA

8.12.16 - 8.14.16

## Mud Pit Info

The mudpit at WCSS18 is an arena style mudpit to allow a wide variety of Subaru models and their drivers the opportunity to experience their vehicle in its natural, rally bred / "Outback" habitat. The goal is to have a safe controlled area for these activities to happen legally. Keep it in the mudpit! Not in forest service roads, gravel parking lots, and fields of others.

**Mud Pit:** The mud pit is a flat arena surrounded by metal fencing. The outer edge of the pit will be kept dry. The surface is watered to produce 3-4" of slick mud. - *Suitable for all vehicles.*

Drivers will have approximately 3-5 minutes per run on course to tackle their chosen obstacles. Time will depend on number of vehicles in run group. Please be smart, and use common sense in regards to you and your vehicles capabilities. If a course worker advises you NOT to try an obstacle, do not do it. Stuck and/or broken cars on the course limit run time for all drivers.

## Mud Pit Rules

### Drivers:

- Must be of legal driving age (18, or 16 w/ Adult)
- Must have a valid license
- Must wear seat belt at all times
- Must follow directions of all course workers
- Only 1 vehicle on course at a time while it is active
- Stay in vehicle unless directed by course worker

### Vehicles:

- Must be street legal
- Must have seatbelts
- Interior must be free of loose objects
- Battery must be secured properly
- Must be in good operating condition (no leaks, complete exhaust, etc...)
